SUMMARY

Completed a B.S. in Accountancy at Western Governors University, with coursework in intermediate financial accounting, cost and managerial accounting, federal taxation, and business law. At IAT Insurance Group, built an automated reporting program that pulled Power BI data into Excel pivot-table workbooks and used a weighted trend model to flag performance outliers for managers. Resolved 100+ internal support tickets and built AI-assisted workflow tools that normalized data between systems with mismatched schemas. Fluent in English and Telugu.

TECHNICAL SKILLS

Service Desk & Support: Tier 1 ticket triage and resolution, escalation to Tier 2, ServiceNow and Jira ticketing, resolution documentation, end-user troubleshooting, technical writing, Windows and Linux desktop support

Platforms & Applications: Microsoft 365, Teams, Power Automate, Power BI, Dataverse, Azure, Access, Excel, Duck Creek policy management, Docker containers

Networking & Access: TCP/IP, DNS, Nginx reverse proxy, SSL/TLS certificates, WireGuard VPN, NFS, single sign-on (RS256/JWT), user account provisioning, session and access management

Systems & Scripting: Linux server administration, workstation and server build and deployment, TrueNAS/ZFS storage, staging and production environments, Python, Java, C#, SQL

EXPERIENCE

Business Application Support Intern — IAT Insurance Group May 2025 – August 2025

- Resolved **100+** Tier 1 Duck Creek support tickets in **ServiceNow** and **Jira**, escalating complex cases to Tier 2.
- Authored **10+ troubleshooting guides** for recurring issues, reducing repeat inquiries to the desk.
- Built **3** automation tools using Python, Microsoft **Power Automate**, Azure, and Dataverse to collapse routine multi-step tasks into one-click workflows.
- Deployed all **3** tools inside **Microsoft Teams** so the Tier 1 desk could clear common tickets without leaving its existing workflow, shortening handling time on repeat issues.

Sales Photographer — Deluxe Photo January 2026 – June 2026

- Sold portrait packages on site in restaurant settings, handling **end-to-end transactions** and customer questions in a high-volume, in-person environment.

TECHNICAL PROJECTS

Automated Team KPI Reports — IAT Insurance Group Summer 2025

- Engineered an **automated** reporting program that consolidated each manager's monthly ticket data from **Power BI** into per-employee comparisons against historical performance.
- Implemented a **weighted trend model** that adjusted for seasonal and year-over-year patterns and prioritized recent months to identify performance outliers.
- Generated a monthly outlier summary alongside an **Excel** workbook of automatically built **pivot tables**, enabling managers to assess team performance at a glance.

jkOS — Self-Hosted Productivity Suite Ongoing

- Run a **single sign-on** service across containerized task, calendar, learning, audiobook, and portal applications, published over an **Nginx** reverse proxy with SSL/TLS and WireGuard VPN for remote access.
- Maintain separate staging and production environments with automated **deployment pipelines**, and resolve infrastructure failures end to end, including **ZFS** permission conflicts and container build failures.

EDUCATION

Western Governors University — B.S. in Accountancy July 2026 – October 2026
University of Illinois at Urbana-Champaign August 2023 – May 2025
University of Illinois at Chicago August 2021 – May 2023

EXTRACURRICULAR

Penny Dreadful Players — Member & Fundraising Lead 2024 – 2026

Performed 10+ stage roles with a 50-year-old community theatre company; led fundraising for the November 2024 One Acts Charity Show, raising $2,000+ for local charitable organizations.

Illini Film & Video — Member & Production Crew 2024

Won First Place at the "What a Twist!" Film Jam for "Unfinished Business"; directed, shot, and sound-designed 3 short films.
